COMPANY PROFILE

Mirror

Our Service

In response to the special conditions of individual buyers, Joys implements a 'one on one' team to deliver a specialized service and support to endeavor to fully satisfy buyer requirements.

About us

Ningbo Joys Technology Co., Ltd. is located in Ningbo City, Zhejiang Province, China. We are a professional China bathroom mirror manufacturer, supplier & factory. With over 15 years of experience in producing the Bathroom LED Intelligent Mirror, Bathroom Mirror Cabinet and Mirror Lamp, we have our own research and development department, design team, molding department and packaging assembly line.

Our COMPANY

Our company has led the way in passing ISO9001-2000 quality management system accreditation, and SAA accreditation for the Australia and New Zealand market. We not only sell products, we strive to build up the trust between customers and Joys. With the influence of cooperation with clients and Amazon for almost a decade at numerous locations throughout the world, Joys Mirror has the capability to fulfill the requirements of our clients.

02 INSTALLATION

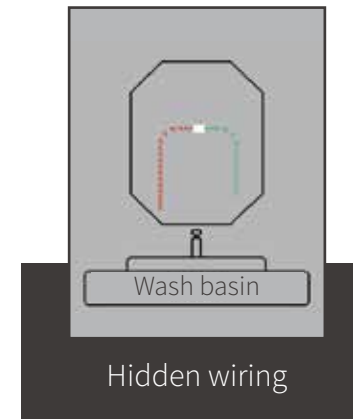

ATTENTION

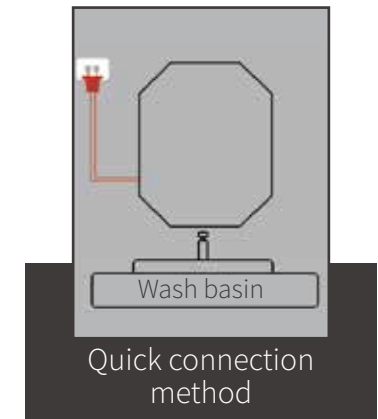

The height difference between people is a great thing, but it may be adjusted up and down, and this is a good position for a person when his or her face is in the middle of the mirror. The center of the mirror should be at 160 to 165 cm above the ground before installation. Please be sure that the surface area of the reinforcement capable of being employed is adequate and that the wall is strong enough before installation.
